June 11, 2026

ST. LOUIS--(BUSINESS WIRE)--Jun. 11, 2026-- [Reinsurance Group of America, Incorporated](#) (NYSE: RGA), a leading global life and health reinsurer, today announced it has been recognized as *Reinsurer of the Year* by the [InsuranceERM Americas Awards 2026](#), an annual program recognizing companies excelling in insurance risk and capital management. The award recognizes a reinsurer that has delivered measurable reinsurance and risk transfer benefits over the past 18 months, while also demonstrating a strong culture of risk management, collaboration, and employee initiatives. The recognition reflects RGA's ongoing commitment to serving clients with discipline and a long-term focus on responsible risk management.

"RGA is grateful to be recognized by InsuranceERM, and we view this award as a reflection of the strong partnerships that define our work across the Americas," said Senan O'Loughlin, Executive Vice President, Head of U.S. Individual Markets, RGA. "Our priorities remain consistent: managing biometric and investment risk responsibly, delivering on the commitments we make to our clients, and helping to expand access to financial protection for more families. We are thankful for the trust our partners place in RGA, and we remain focused on supporting our clients as they pursue new growth opportunities."

Across the Americas, RGA provides clients with a broad portfolio of reinsurance solutions, supported by deep market expertise and disciplined execution. In 2025, this approach drove strong performance across the region, marked by significant transaction activity, continued business momentum, and strengthened client relationships in the U.S., Latin America, and Canada.

In 2025, the company achieved a number of milestones, including reviewing RGA's four-millionth facultative underwriting case in the U.S. since tracking began in 1979, completing a \$32 billion life reinsurance transaction, deepening relationships across 120 insurers in Latin America to generate record premiums of \$461 million, and reaching \$53 billion in face amount of individual life production in Canada while generating group life premiums representing approximately two-thirds market share.

This recognition follows RGA's selection as [Funded Reinsurance Provider of the Year](#) in the InsuranceERM UK & EMEA Awards announced in May, reflecting pioneering work with clients on tailored funded reinsurance solutions that support capital efficiency in Continental Europe.
