FOR IMMEDIATE RELEASE

### REINSURANCE GROUP OF AMERICA REPORTS THIRD-QUARTER RESULTS

ST. LOUIS, October 22, 2007 - Reinsurance Group of America, Incorporated (NYSE:RGA), a leading global provider of life reinsurance, reported net income for the third quarter of \$76.5 million, or \$1.19 per diluted share, compared to \$74.0 million, or \$1.17 per diluted share, in the prior-year quarter. RGA uses a non-GAAP financial measure called operating income as a basis for analyzing financial results. The definition of operating income and reconciliations to GAAP net income are provided in the following tables. Operating income increased 28 percent to \$95.6 million, or \$1.49 per diluted share, from \$74.7 million, or \$1.18 per diluted share, in the year-ago quarter. On a per share basis, operating income increased 26 percent. Third-quarter net premiums rose 14 percent, to \$1,227.9 million, from \$1,076.2 million a year ago. Net investment income totaled \$190.5 million versus \$183.4 million the year before.

For the first nine months of 2007, net income totaled \$230.2 million or \$3.59 per diluted share, compared to \$206.7 million, or \$3.29 per diluted share, in the year-ago period. Operating income totaled \$262.3 million, or \$4.08 per diluted share, compared to \$212.2 million, or \$3.38 per diluted share, in the prior-year period, a 21 percent increase on a per share basis. Consolidated net premiums were up 13 percent, to \$3,561.0 million from \$3,145.2 million.

A. Greig Woodring, president and chief executive officer, commented, "We reported solid earnings, with notably strong results in Canada and Asia Pacific more than offsetting slightly high claim levels in the Europe and South Africa operating segment. The U.S. segment reported pre-tax net income totaling \$66.2 million for the quarter versus \$84.8 million the year before. That decrease is primarily a result of a \$13.8 million decrease, net of deferred acquisition costs, in the value of embedded derivatives due to the impact of widening credit spreads in the U.S. debt markets. Additionally, pre-tax net income includes \$10.9 million in realized losses,

primarily from the sales of investment securities as we refined duration on certain portfolios. Pre-tax operating income increased 6 percent to \$89.9 million from \$84.9 million the year before. Claim levels were within an expected range in the Traditional segment. Additionally, capital losses on securities sales within the funds withheld portfolios reduced net investment income within the Asset Intensive segment. Net premiums were up 7 percent to \$691.9 million from \$648.1 million in the prior-year quarter. On a year-to-date basis, net premiums have increased 8 percent.

"Our Canada operations reported another strong quarter on favorable mortality, with pre-tax net income of \$22.8 million compared to \$13.5 million a year ago. Pre-tax operating income totaled \$20.3 million, up substantially from \$12.1 million a year ago. Net premiums increased 20 percent to \$123.7 million from \$103.3 million in the prior year. On a year-to-date basis, premiums are up 17 percent. Net premiums for the third quarter of 2007 were favorably affected by currency exchange rates relative to the prior year by approximately \$8.4 million, as the Canadian dollar strengthened relative to the U.S. dollar. The impact of foreign currency fluctuations favorably affected pre-tax operating income by approximately \$1.9 million.

"Asia Pacific reported a good quarter as well with strong premium flow and favorable segment-wide claims experience. Pre-tax net income totaled \$17.2 million compared with \$20.4 million in the year-ago quarter while pre-tax operating income totaled \$17.6 million compared with \$20.4 million a year ago. The prior-quarter result was quite strong making for a challenging comparison. Net premiums increased 35 percent to \$240.5 million from \$178.5 million, with particularly strong premium flow in South Korea. Foreign currency fluctuations favorably affected net premiums and pre-tax operating income by approximately \$13.6 million and \$1.5 million, respectively.

"Europe and South Africa experienced slightly high claim levels. Pre-tax net income totaled \$11.7 million compared to \$8.8 million a year ago and pre-tax operating income totaled \$12.6 million versus \$8.9 million last year, a period in which we experienced unfavorable mortality. Net premiums increased 17 percent to \$170.8 million. Foreign currency exchange fluctuations favorably affected reported net premiums and pre-tax operating income by approximately \$11.4 million and \$1.4 million, respectively, due primarily to a relatively strong British pound and euro.

"The Corporate and Other segment benefited by \$9.4 million, pretax, primarily from the reversal of accrued interest expense associated with certain tax positions, as required under the

accounting guidance commonly referred to as "FIN 48". Those tax positions were favorably resolved during the quarter. Additionally, our consolidated effective tax rate of 33.6 percent was below historical levels due to the resolution of these tax positions and various other tax accrual adjustments. We would expect our effective tax rate to return to a more normal level in the fourth quarter."

Woodring concluded, "We are pleased with the results for the quarter and the first nine months of the year. Each of our segments has performed very well on a year-to-date basis. The RGA franchise continues to be recognized as a preeminent player in the global life reinsurance market and we believe we are well positioned to take advantage of substantial growth opportunities in several international markets. Additionally, we believe we can enhance our already strong positions in the U.S. and Canadian markets through additional product offerings and increased market share."

The company also announced that its board of directors declared a regular quarterly dividend of \$0.09, payable November 28 to shareholders of record as of November 7.

A conference call to discuss the company's third-quarter results will begin at 9 a.m. Eastern Time on Tuesday, October 23. Interested parties may access the call by dialing 800-210-9006 (domestic) or 719-457-2621 (international). The access code is 9614741. A live audio webcast of the conference call will be available on the company's investor relations web page at www.rgare.com. A replay of the conference call will be available at the same address for three months following the conference call. A replay of the conference call will also be available via telephone through October 30 at 888-203-1112 (domestic) or 719-457-0820, access code 9614741.

Reinsurance Group of America, Incorporated, through its various operating subsidiaries, is among the largest global providers of life reinsurance. Reinsurance Group of America, Incorporated has subsidiary companies or offices in Australia, Barbados, Bermuda, Canada, China, France, Germany, Hong Kong, India, Ireland, Italy, Japan, Mexico, Poland, South Africa, South Korea, Spain, Taiwan, the United Kingdom and the United States. Worldwide, the company has approximately \$2.2 trillion of life reinsurance in force, and assets of \$21.1 billion. MetLife, Inc. is the beneficial owner of approximately 52 percent of RGA's outstanding shares.

\_ \_\_\_\_\_

This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, among others, statements relating to projections of the earnings, revenues, income or loss, future financial performance and growth potential of Reinsurance Group of America, Incorporated and its subsidiaries (which we refer to in the following paragraphs as "we," "us" or "our"). The words "intend," "expect," "project," "estimate," "predict," "anticipate," "should," "believe," and other similar expressions also are intended to identify forward-looking statements. Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results, performance and achievements could differ materially from those set forth in, contemplated by or underlying the forward-looking statements.

Numerous important factors could cause actual results and events to differ materially from those expressed or implied by forward-looking statements including, without limitation, (1) adverse changes in mortality, morbidity, lapsation or claims experience, (2) changes in our financial strength and credit ratings or those of MetLife, Inc. ("MetLife"), the beneficial owner of a majority of our common shares, or its subsidiaries, and the effect of such changes on our future results of operations and financial condition, (3) inadequate risk analysis and underwriting, (4) general economic conditions or a prolonged economic downturn affecting the demand for insurance and reinsurance in our current and planned markets, (5) the availability and cost of collateral necessary for regulatory reserves and capital, (6) market or economic conditions that adversely affect our ability to make timely sales of investment securities, (7) risks inherent in our risk management and investment strategy, including changes in investment portfolio yields due to interest rate or credit quality changes, (8) fluctuations in U.S. or foreign currency exchange rates, interest rates, or securities and real estate markets, (9) adverse litigation or arbitration results, (10) the adequacy of reserves, resources and accurate information relating to settlements, awards and terminated and discontinued lines of business, (11) the stability of and actions by governments and economies in the markets in which we operate, (12) competitive factors and competitors' responses to our initiatives, (13) the success of our clients, (14) successful execution of our entry into new markets, (15) successful development and introduction of new products and distribution opportunities, (16) our ability to successfully integrate and operate reinsurance business that we acquire, (17) regulatory action that may be taken by state Departments of

### Add Four

Insurance with respect to us, MetLife, or its subsidiaries, (18) our dependence on third parties, including those insurance companies and reinsurers to which we cede some reinsurance, third-party investment managers and others, (19) the threat of natural disasters, catastrophes, terrorist attacks, epidemics or pandemics anywhere in the world where we or our clients do business, (20) changes in laws, regulations, and accounting standards applicable to us, our subsidiaries, or our business, (21) the effect of our status as an insurance holding company and regulatory restrictions on our ability to pay principal of and interest on our debt obligations, and (22) other risks and uncertainties described in this document and in our other filings with the Securities and Exchange Commission.

Forward-looking statements should be evaluated together with the many risks and uncertainties that affect our business, including those mentioned in this document and described in the periodic reports we file with the Securities and Exchange Commission. These forward-looking statements speak only as of the date on which they are made. We do not undertake any obligations to update these forward-looking statements, even though our situation may change in the future. We qualify all of our forward-looking statements by these cautionary statements.

### Operating Income

RGA uses a non-GAAP financial measure called operating income as a basis for analyzing financial results. This measure also serves as a basis for  $% \left( 1\right) =\left( 1\right) +\left( 1\right$ establishing target levels and awards under RGA's management incentive programs. Management believes that operating income, on a pre-tax and after-tax basis, better measures the ongoing profitability and underlying trends of the company's continuing operations, primarily because that measure excludes the effect of net investment related gains and losses, as well as changes in the fair value of embedded derivatives and related deferred acquisition costs. These items tend to be highly variable, primarily due to the credit market and interest rate environment and are not necessarily indicative of the performance of the company's underlying businesses. Additionally, operating income excludes any net gain or loss from discontinued operations and the cumulative effect of any accounting changes, which management believes are not indicative of the company's ongoing operations. The definition of operating income can vary by company and is not considered a substitute for GAAP net income.
