FOR IMMEDIATE RELEASE

REINSURANCE GROUP OF AMERICA REPORTS INCREASES IN SECOND-QUARTER PREMIUMS AND EARNINGS

ST. LOUIS, July 27, 2004 - Reinsurance Group of America, Incorporated (NYSE:RGA), a leading provider of life reinsurance, reported net income for the second quarter of \$65.3 million, or \$1.04 per diluted share, compared to net income of \$42.6 million, or \$0.85 per diluted share in the prior-year quarter, a 22 percent increase on a diluted per-share basis. Second-quarter net premiums increased 37 percent, to \$797.3 million from \$582.6 million in 2003. Net investment income totaled \$134.2 million versus \$115.9 million the year before.

RGA uses a non-GAAP financial measure called operating income as a basis for analyzing financial results. The definition of operating income and reconciliations to GAAP net income are provided in the following tables. Operating income for the quarter increased 11 percent on a diluted per-share basis and totaled \$57.2 million, or \$0.91 per diluted share compared to \$41.2 million, or \$0.82 per diluted share in the year-ago quarter. A. Greig Woodring, president and chief executive officer, commented, "We are very pleased with that rate of growth in operating earnings per share, considering we are comparing to a strong second quarter result in 2003, a period in which operating earnings per share increased 21 percent. Additionally, we issued 12.1 million of new common shares late last year.

- more -

"Net premiums in the U.S. increased \$151.9 million, or 40 percent over the prior-year quarter. The transaction with Allianz that we closed in the fourth quarter of 2003 contributes approximately \$120 million of net premiums per quarter. That block continues to perform well and the integration remains on schedule. Pre-tax net income in the U.S. for the quarter totaled \$75.8 million compared to \$55.8 million in the prior-year quarter, primarily because of much higher net premium levels. Pre-tax operating income for the quarter totaled \$68.4 million, a 23 percent increase over \$55.7 million reported in the prior-year quarter. Mortality experience was somewhat unfavorable as we recorded a higher-than-expected number of large claims during the quarter. U.S. operations also include our Asset Intensive and Financial Reinsurance businesses, each of which posted strong results.

"Our Canada operations reported a strong quarter, with pre-tax net income of \$21.2 million compared to \$13.4 million a year ago. Pre-tax operating income totaled \$14.3 million, up 49 percent from \$9.6 million. Mortality experience was better than anticipated. Net premiums increased \$9.8 million, or 19 percent for the quarter, and totaled \$61.8 million. Approximately \$1.9 million of the increase in net premiums and approximately \$0.3 million of the increase in pre-tax operating income were the result of the continued strength of the Canadian dollar.

"Other International operations, which include our Asia Pacific and Europe and South Africa segments, continued their strong growth, with net premiums increasing 36 percent to \$203.1 million in the quarter. Stronger foreign currencies contributed approximately \$17.8 million to the premium growth. Pre-tax net income totaled \$16.5 million compared to \$8.4 million in the prior-year quarter. Pre-tax operating income for the quarter totaled \$15.5 million, an 82 percent increase over the \$8.5 million result in the prior-year period. Approximately \$1.3 million of that increase was the result of foreign currency appreciation. Segment-wide mortality experience for the quarter was slightly better than anticipated due to favorable results in the United Kingdom. We continue to experience profit expansion from these operations as reinsurance in force increases; however, those results may be more volatile than our North America operations due to the smaller size and relative aging of this business."

For the first half of 2004, net income totaled \$127.1 million, or \$2.03 per diluted share, compared to \$75.3 million, or \$1.51 per diluted share, in the year-ago period. Operating income increased to \$109.3 million, or \$1.74 per diluted share, from \$80.1 million, or \$1.61 per diluted share. Consolidated premiums were up 43 percent, to \$1,611.2 million from \$1,127.8 million.

Woodring concluded, "We are pleased with the financial results for the second quarter and first six months of 2004. As the life reinsurance market continues to evolve, we have maintained a steady and consistent course benefiting both our shareholders and clients."

The company announced that its board of directors declared a regular quarterly dividend of \$0.06 per share, payable August 27 to shareholders of record as of August 6.

A conference call to discuss the company's second-quarter results will begin at 9 a.m. Eastern Time on Wednesday, July 28. Interested parties may access the call by dialing 800-210-9006 (domestic) or 719-457-2621 (international). The access code is 626816. A live audio webcast of the conference call will be available on the company's investor relations web page at www.rgare.com. A replay of the conference call will be available at the same address for three months following the conference call. A replay of the conference call will also be available via telephone through August 5 at 888-203-1112 (domestic) or 719-457-0820, access code 626816.

Reinsurance Group of America, Incorporated, through its subsidiaries, RGA Reinsurance Company and RGA Life Reinsurance Company of Canada, is among the largest global providers of life reinsurance. In addition to its U.S. and Canadian operations, Reinsurance Group of America, Incorporated has subsidiary companies or offices in Australia, Barbados, Hong Kong, India, Ireland, Japan, Mexico, South Africa, South Korea, Spain, Taiwan, and the United Kingdom. Worldwide, the company has approximately \$1.4 trillion of life reinsurance in force, and assets of \$12.5 billion. CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, among others, statements relating to projections of the earnings, revenues, income or loss, future financial performance and growth potential of Reinsurance Group of America, Incorporated and its subsidiaries (which we refer to in the following paragraphs as "we," "us" or "our"). The words "intend," "expect," "project," "estimate," "predict," "anticipate," "should," "believe," and other similar expressions also are intended to identify forward-looking statements. Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results, performance and achievements could differ materially from those set forth in, contemplated by or underlying the forward-looking statements.

Numerous important factors could cause actual results and events to differ materially from those expressed or implied by forward-looking statements including, without limitation, (1) adverse changes in mortality, morbidity or claims experience, (2) changes in our financial strength and credit ratings or those of MetLife, Inc. ("MetLife"), the beneficial owner of a majority of our common shares, or its subsidiaries, and the effect of such changes on our future results of operations and financial condition, (3) general economic conditions affecting the demand for insurance and reinsurance in our current and planned markets, (4) market or economic conditions that adversely affect our ability to make timely sales of investment securities, (5) changes in investment portfolio yields due to interest rate or credit quality changes, (6) fluctuations in U.S. or foreign currency exchange rates, interest rates, or securities and real estate markets, (7) adverse litigation or arbitration results, (8) the stability of governments and economies in the markets in which we operate, (9) competitive factors and competitors' responses to our initiatives, (10) the success of our clients, (11) successful execution of our entry into new markets, (12) successful development and introduction of new products, (13) our ability to successfully integrate and operate reinsurance business that we acquire, including without limitation, the traditional life reinsurance business of Allianz Life, (14) regulatory action that may be taken by state Departments of Insurance with respect to us, MetLife, or its subsidiaries, (15) changes in laws, regulations, and accounting standards applicable to us, our subsidiaries, or our business, and (16) other risks and uncertainties described in this document and in our other filings with the Securities and Exchange Commission.

Forward-looking statements should be evaluated together with the many risks and uncertainties that affect our business, including those mentioned in this document and described in the periodic reports we file with the Securities and Exchange Commission. You are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date on which they are made. We do not undertake any obligations to update these forward-looking statements, even though our situation may change in the future. We qualify all of our forward-looking statements by these cautionary statements.

Operating Income

RGA uses a non-GAAP financial measure called operating income as a basis for analyzing financial results. This measure also serves as a basis for establishing target levels and awards under RGA's management incentive programs. Management believes that operating income, on a pre-tax and after-tax basis, better measures the ongoing profitability and underlying trends of the company's continuing operations, primarily because that measure excludes the effect of net realized capital gains and losses, as well as changes in the fair value of embedded derivatives and related deferred acquisition costs. These items tend to be highly variable, primarily due to the credit market and interest rate environment and are not necessarily indicative of the performance of the company's underlying businesses. Additionally, operating income excludes any net gain or loss from discontinued operations and the cumulative effect of any accounting changes, which management believes are not indicative of the company's ongoing operations. The definition of operating income can vary by company and is not considered a substitute for GAAP net income.
